RESPIRATOR: PPE-FEA02-1261

EASY TO WEAR

FILTER PROTECTION

LIGHTWEIGHT

Particle Filter inside Filter Protector

- ✓ Specifically designed to **comfortably conform** to facial contours
- ✓ Work in **environments** involving liquid dust, fogging and ULV applications safely

Installed Cartridge Connector

“Very few replacement parts and super-simple disassembly make cleaning and maintaining the Respirator easy.”

ASSEMBLY INSTRUCTIONS

1 Place the filter in the filter protector.

2 Fix the filter with the seal ring.

3 Each bayonet pin finds its slot.

4 Rotate the filter clockwise.
